My dear Sir

I enclose, for His Highness' information, copy of a letter I have just written to the Hon'ble the Resident requesting that the Railway Board may be moved to lend us the services of a senior Railway Engineer of the Govt. of India for a couple of years more in case Mr. Bell's services are withdrawn

Sir Brojendra Mitter suggested that this was necessary as we might be left stranded if Mr. Bell were transferred without notice

f

With reference to our personal conversation, I write to request that you will very kindly bring to the notice of the Railway Board that we shall want the services of a senior Railway Engineer of the Govt. of India for the Railway work in the State for a couple of years more, and that the Durbar would feel grateful if provision is made for giving them another officer in case Mr.Bell's services are withdrawn.

I make this request because last year we were given to understand that Mr.Bell's services might be required elsewhere on or before October 1915.

We should of course prefer to be allowed to retain the services of Mr. Bell if he can be spared.

Yours very sincerely

Submitted to His Highness

Papers under dictation.

I submit herewith, for His Highness s kind perusal, Mr. Warburton's D.O. letter No.2767 dated the 20th April 1915, enquiring whether the Durbar are willing to take the loan of the services of Mr. C.D. Dove Wilson, Deputy Engineer-in-Chief North Western Railway, in place of Mr. E.A.S. Bell who has been selected for the post of Agent of the Eastern Bengal Railway from about the 19th of June next. Mr. Dove Wilson is stated to be an officer of wide experience who has served for a number of years in the Madras Presidency. The terms of his appointment are the same as those pertaining to Mr. Bell.

2. In the present state of Railway development in Mysore, it is necessary to have an officer of British Indian experience in the State service. At the same time it is desirable that the officer chosen should be made aware of the special conditions under which Railway work is carried on in the State and that the Durbar expect willing and cheerful co-operation with their wishes and policy.

3. The Council are aware of the changes suggested by the Residency but as the Residency seem to expect an early reply, the papers have not been formally circulated.

Drafts for approval.

4. I solicit the favour of His Highness' approval to the accompanying two draft letters to the Residency.

There is no work on hand which must be completed before I give over charge. The inspection of the B.C.L. THE MYSORE RESIDENCY,
Bangalore, 20th April 1915

My Dear Dewan Sahib

Please refer to your demi-official letter No.2746, dated the 13th February 1915, to Sir Hugh Daly, regarding the loan of the services of a senior railway engineer to the Mysore Darbar.

2. The matter was referred to the Railway Board, who state that they have selected Mr. Bell to succeed Colonel Browne as Agent of the Eastern Bengal Railway when the latter retires on the 19th of June. It will be convenient, therefore, if the Darbar will arrange to make Mr. Bell's services available early in June for re-employment under the Government of India

3. To replace Mr. Bell, the Board are prepared to lend the Darbar, for two years or so, the services of Mr. C.D.Dove Wilson. Mr. Dove Wilson at present holds the temporary rank of Superintending Engineer, first class, North Western Railway, on a salary of Rs.2,000/- per mensem and the appointment of Deputy Engineer-in-Chief. He is an officer of wide experience who has served for a number of years in the Madras Presidency and he is willing to be lent to the

Darbar on terms similar to those granted to Mr. Bell, viz. that he will receive pay of Rs. 2,500 per mensem and that the Darbar will meet his leave and pension contribution. If the Mysore Darbar are willing to employ Mr. Dove Wilson I am to request that a formal application for the loan of his services may be made in due course. It can be arranged that he will reach Bangalore in time to relieve Mr. Bell of his duties.

My dear Sir

I ~~write~~ am desired to acknowledge, with thanks, the receipt of your D.O. letter No.2767 dated 20th April 1915. The Durbar are grateful to the Railway Board for consenting to lend one of their officers for work in this State in place of Mr. Bell.

2. On account of the special circumstances under which Railway work is carried on in Mysore, the officer lent to the State will be required to take up any duties that the Durbar may assign to him in connection with Railway work and to identify himself with and give effect to the wishes of the Durbar. They learn from a previous letter of the Hon'ble Col. Sir Hugh Daly that Mr. Wilson is an officer of high qualifications and they have no doubt that he will satisfy the conditions just referred to. The Durbar will however feel obliged if the special conditions of this State are brought to the notice of Mr. Dove Wilson.

Telegram No.1424 Est.A., dated the 23rd June 1915, from the Government of India in the Foreign and Political Department, to the Resident in Mysore.

"Correspondence ending with your telegram number 3682, dated 26th May 1915, regret that there has been misunderstanding about Dove-Wilson's pay. If he remained in Government employ he would in all probability officiate within few months as Chief Engineer, 2nd grade, on rupees two thousand five hundred per mensem and his reversing would be unlikely when accepting terms offered by Darbar. Dove-Wilson was under impression that on receiving officiating promotion in British Service his pay in Mysore Service would be proportionately increased. He is unwilling to go to Mysore on terms proposed. Government of India suggest that for period of 2 years in Darbar Service his pay should be fixed at rupees two thousand seven hundred and fifty under article 764 (2), C.S.R., his leave and pension contributions being borne by Darbar and his travelling allowance governed by Government rule. Please ascertain --- whether Durbar concur."
